Philosophy of care

Our philosophy of care is to provide a high-quality service in a person-centred and holistic way. We support our ladies and gentlemen to live happier, healthier, more fulfilled lives and give peace of mind to their families who entrust us with their care.

We place great emphasis on developing an individual's skills rather than focusing on their diagnosis.

Home essentials

Our 51 bedrooms all have en-suite wet room that can be adapted with equipment to meet a person's individual needs and each floor has an accessible, fully equipped, assisted bathroom.

The home has a lovely private garden with several seating areas and direct French door access caters to varying levels of physical and cognitive ability.

Belle Vue Court is large, with a spacious and bright feel, it has been explicitly designed to have a homely feel with quiet spaces. This gives our ladies and gentlemen that like to socialise a place to spend time together, making friends and entertaining, but when quiet reflection is the order of the day, there are lots of places to sit quietly reading, knitting, watching the wildlife or just catching up with a dear friend with a cuppa. This is home and just like any home our ladies and gentlemen live their life here as and when they want, with just a little help from the Towerview Care Family.
